

## Derwent Fly Fishing Club Ltd

### GUIDANCE FOR MEMBERS ON THE REGISTRATION OF GUESTS

Members fishing with Guests must ensure, wherever possible, before commencing to fish that:-

1. They enter the Guest's name in the Guest Register at Leadmill Fish Farm.
2. They fill out and date a Guest Day ticket, which must be signed by the Guest.
3. They check that the Guest is carrying a current Environment Agency Rod Licence with them.
4. The Guest can prove that he has disinfected his/her fishing equipment, failing which it must be disinfected at the Fish Farm.
5. **The Guest is covered by the Club's Civil Liability Insurance provided these formalities are completed and the Guest carries the rod licence and the signed Guest Day Ticket with them at all times.**

**At the end of fishing the Member must:-**

1. Return the completed Guest Day Ticket; and
2. Disinfect the Guest's equipment before leaving the Fish Farm.

In those circumstances where a member is not able to fish with his/her Guest, it remains the personal responsibility, with no recourse to the Club, to ensure that their Guest understands and complies with all the requirements set out above both at the beginning and end of fishing.
